THE GRANDEST**The Most Satisfactory and Safest Medicine any Sick Woman Can Take.****Thus Does a Prominent Brooklyn, N.Y., Woman, Speak of Lydia E. Pinkham's Vegetable Compound.**

When a woman of the prominence and social standing of Mrs. Atherton whose portrait we are herewith permitted to reproduce, voluntarily furnishes us with a letter of such unqualified endorsement as the following, we feel that we not only owe her a debt of gratitude, but all women who are ill should feel under deep obligations to her, for she tells them in unmistakable words where they may look for a cure and not be disappointed.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters are daily printing in the newspapers can leave no room for doubt. Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine.

**MRS. FLORENCE ATHERTON,**

Vice-President Societe Francaise de Bienfaisance, Brooklyn, N.Y.

"DEAR MRS. PINKHAM:—For the benefit of suffering women I want to testify to the fact that I have by personal experience and by friends who have been cured by using Lydia E. Pinkham's Vegetable Compound come to the conclusion that it is the safest, the grandest and the most satisfactory medicine any sick woman can take. Life was a burden to me five years ago. I felt so miserable with female troubles and irregular menstruation; to-day it is all different, for I am perfectly well. Dozens of my lady friends join me in singing your praise. Yours, FLORENCE ATHERTON, 47 Hoyt St., Brooklyn, N.Y."

"A Boston Woman's Experience."

"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound enough. I was a sick woman when I commenced to take it. My trouble was female disease, and I had pain in my back and sides. The doctor said I was going into consumption; I had been married eight years, but had no children. I had some of the best doctors in the city, but none seemed to cure me, so I decided to take your medicine, and it has made me a new woman, and I now have a lovely little baby boy. I would advise all sick and weak women to take Lydia E. Pinkham's Vegetable Compound."—MRS. ALPHONSE CHORRE, 15 Rockingham Place, Roxbury District, Boston, Mass.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.**BILLION DOLLAR CONGRESSES.**

Billion dollar congresses were counted very heavy burdens when they first came in, but now the most rigid advocates of economy in public expenditure would be fairly content to get back to them. Two billion dollar congresses are nearer the rule at present. The statement is made, for example, that the appropriations thus far sanctioned during the present session amount to \$725,000,000, with several important measures still pending that contemplate the expenditure of considerable sums. That does not mean bankruptcy, but it should occasion thoughtfulness. Of course, the rapid growth of the country in population has necessitated a corresponding increase in the machinery of government and naturally swollen the figures of appropriations; so, also, the responsibilities that the nation has assumed in extending its authority over sea involve constant

and large disbursements. But, with due allowance made for these factors in the situation, it will be difficult to make the public believe that appropriations of from \$500,000,000 to \$1,000,000,000 a year are really required to run the government at a time when we are at peace with all civilized nations.—Providence Journal.

TAX ON BABIES.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. See at Elvey & Hulett's, the live druggists.

Many a young man who leaves college with the intention of reforming the world changes his mind and hunts a paying job.

Mines and Minerals of Arizona

BAUMANN COPPER COMPANY

Progress of Development Work During Last Month.

The regular monthly meeting of the directors of the Baumann Copper company was held Wednesday evening and was attended by every member, says the Journal-Miner. General Manager Baumann made a very encouraging report of the progress made in the development of the property during the month. The shaft which is being sunk on the Laura mine is now down 160 feet and it is expected to reach the 200-foot level by the middle of the present month. The drifts run during the month at the 100-foot level were productive of most satisfactory results. The drifts were extended about 35 feet in each direction from the shaft and were driven in fine ore bodies, in fact, much better than had been anticipated at this depth. Some ore was encountered which went as high as 50 per cent in copper, \$14 in gold and \$5 or \$6 in silver, the ore being from two to four feet wide. On account of the pitch of the vein, the shaft is not being sunk on it, and a soon as the 200-foot level is reached a crosscut will be run to the ledge and drifts run for a short distance for the purpose of testing the ore body at this depth. The conditions in every respect at present are not only highly satisfactory, but, as stated, much better than had been anticipated at the depth reached. On account of the large amount of work which has been done and the excellent showing made, it was unanimously ordered that the price of the stock be raised July 1 to 50 cents per share. The claims owned by the company number twenty-four, and the consolidated capitalization, \$500,000, together with the fine showing already made, more than justifies this action of the board of directors. During the month the property has been visited by a number of persons who have purchased stock in the company. Their visit was made in an unostentatious manner and without any showing of eagerness or beating of tom-toms, but in every instance the stockholder was not only so well pleased with the manner in which the business is being conducted, but with the showing made as well, that he purchased an increased number of shares.

RICH MINERAL FIND**Big Deposit of Bismuth Discovered Near Mesa City.**

A mineral discovery was recently made by two Mesa City men named Merrill and Jones that may result in the development of a new industry in Arizona. The discovery is a fine looking ledge of bismuthite or carbonate of bismuth, and the claims are located on the south side of Salt river, opposite the mouth of the Verde and near the head of the Consolidated canal. The gentlemen named have associated themselves with J. A. Porterle and Frederick Webb, the claims have been duly recorded and further tests will be made. If they result as satisfactorily as preceding assays an effort will be made to open up the properties and install a plant for reduction of the ore.

The ledge varies in width from three to six feet and runs almost parallel with the canal. While some of the ore samples as low as 1 per cent bismuth, the general average of the samples taken was nearly 5 per cent. Bismuth is worth \$1.50 per pound now, or \$3.00 per ton. The gentlemen interested say that with a concentrating plant they could erect that will produce two tons of the metal per week, or a value of \$6,000. If that be true, it would be mostly profit after the first week. The bismuth of commerce comes largely from Austria-Hungary and is found with nickel, cobalt and arsenic. The bismuth in this find is free of those commodities and therefore can be more cheaply worked. The process will be concentration and the smelting of the concentrates.

Bismuth is used largely in medical practice and in the arts.

A SPLENDID REMEDY.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Elvey & Hulett's, the live druggists.

MINING NOTES.

F. J. Mitchell, accompanied by Will Clegston, will leave today to remodel a mill for the Peacock Copper company. The properties of this company are located on the desert 300 miles west of Ash Park.—Courier.

The Bricker company has over fifty men at work on its Henrietta mine. The property is making an improved showing with depth. The ore is holding its value and the ore body is increasing in width. Mining men all agree that the Henrietta is one of the permanent mines of this section and will be one of the great producers of the first rank. It is certainly one of Prescott's most promising mineral supports.—Courier.

C. E. M. Beall of Prescott received a telegram from Henry R. Clifford in which Mr. Clifford stated that work would shortly be resumed on the Great Belcher mine, that ore would be taken out for sale, and that the main shaft would be sunk to a depth of 1,000 feet. The Courier understands that it has always been Mr. Clifford's intention to

There is Hope For Even Such as Have Glimpses of the Dark Valley.**PAINE'S CELERY COMPOUND****The Medicine That Saves Life and Restores Lost Health.**

A merciful Providence still keeps the spark of life in thousands of wasted and feeble bodies. The fatal, flickering spark will burn with decreased power as the hot days of summer approach. There is still hope for even those who are now catching glimpses of the dark valley. The use of Paine's Celery Compound during the month of June will at once arrest the progress of wasting diseases. It will strengthen the weak and inflamed nerves, rid the body of morbid waste material, make the blood pure, and give healthy action to the stomach, liver and kidneys. Nervousness, sleeplessness, rheumatism neuralgia, liver and kidneys troubles quickly vanish when Dr. Phelps' marvelous prescription is used. Mrs. Alice Terry Wood, 515 Highland Street, Helena, Mont., says:—"I can say to all that I believe Paine's Celery Compound a great medicine. I should have been in my grave if it hadn't been for the wonderful curing virtues of the compound, and I can say to all who are tired and run down, to try it, and they will find relief at once. My trouble was general weakness, lack of appetite, and heart trouble. I have taken four bottles of Paine's Celery Compound and feel like a new person. Now I have a good appetite, do all my work, and feel well."

do extensive development work on the Great Belcher, as the great ore bodies of that property seem to justify the opening up of the mine on an extensive plan.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, Etc. Hall's Family Pills are the best.

CAPTURED BY RANGERS**Tom and Ed Halderman Arrested for Slaughtering Range Cattle.**

Tom and Ed Halderman have been arrested near Dragon for cattle slaughtering and will be given a hearing Saturday in Tombstone, says the Review. They were arrested by Fanger Holland and another ranger.

Lieutenant Graham recently went out to the camp of the Halderman boys and found buried in an old well several hides that had been partially destroyed. Later the two rangers were sent out and they made the arrest with little difficulty. The alleged cattle thieves went peacefully with them to Tombstone and were there released under bonds, they being taken to the arrest, stating that they would certainly prove their innocence.

The specific charge made against the defendants is that of illegal slaughtering of cattle, or in other words, killing cattle they did not own. The rangers are now working on a number of other important matters and are fast riding Arizona of those who have been in the past defiant of the law.

PARASITE CAUSES ALL HAIR TROUBLES.

Nine-tenths of the diseases of the scalp and hair are caused by parasitic germs. The importance of this discovery by Professor Unna of the Charity Hospital, Hamburg, Germany, cannot be overestimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff; because they do not, and they cannot, kill the dandruff germs. The only hair preparation in the world that positively destroys the dandruff parasite that burrow up the scalp into scales called scurf or dandruff, is Newbro's Herpicide. In addition to its destroying the dandruff germs Herpicide is also a delightful hair dressing, making the hair glossy and soft as silk.

If there is one time more than another when a woman should be alone with her thoughts, it is when a passing vehicle splashes mud on her new gown.

HIS LAST HOPE REALIZED.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards, his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by Elvey & Hulett.

EXPLAINED.

"Mrs. Amy," said Geslin, trying to be tender, "you are always in my mind, doncher know?"

"Indeed," replied the girl, "I've often wondered why I felt so lonely."—Detroit Free Press.

A PRINCE IS A PRINCE.

One of the difficulties which confront the American in meeting royalty and the nobility of the old world is the manner of address to be used. In New York they are telling stories to illustrate. One is that at the recent luncheon of the yacht Meteor the brother of the emperor of Germany was addressed in a manner which astonished him and then caused him to smile. The vessel ordered from an American ship builder by the German emperor was about to slide down the ways. The supreme moment had arrived. One of the builders, Wallace Downey, an energetic Irishman, hastened up to his royal highness, Henry of Prussia.

"Prince," he exclaimed, "Prince, everything is ready."

After all his royal highness is prince and the manner of address adopted by Mr. Downey was not so dissimilar from that which was employed by Rear Admiral Robley D. Evans in addressing the German emperor. At the opening of the Kiel canal, where the rear admiral then captain, went as a representative of the United States, the emperor often talked with "Fighting Bob" and listened with much amusement to the stories the veteran told.

Not long after that Captain Evans wrote a letter to the emperor beginning the communication "Dear Emperor." It was suggested to him that the form of address was scarcely correct.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Elvey & Hulett's drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25c per box.

"Every rich man has a lawyer for an heir."

When you wake up with a bad taste in your mouth, go at once to Elvey & Hulett's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Words are merely the echoes of thought.

CONSTIPATED BOWELS.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Chamberlain's Stomach and Liver Tablets for the past ten years, and found it a reliable remedy." 50c at Elvey & Hulett's, the live druggists.

A yacht can stand on a tack in silence, but a man isn't built like a yacht.

A. R. Bremer Co.'s**Honest Methods Admired.**

Phoenix People Quick to Appreciate Their Generosity.

The Open Test of Their Great Preparation, Cokes Dandruff Cure, Meets Hearty Approval.**Its Sales in Phoenix and Vicinity Beat the World.**

When the public were given the opportunity of testing this grand preparation, without cost, they were urged to call at Elvey & Hulett's for a trial bottle of Cokes Dandruff Cure and Hair Tonic, thus enabling anyone who availed himself of this offer to form his own judgment as to the value of this discovery.

No man or woman can believe that a reputable manufacturer would dare to challenge public opinion were he not absolutely certain that his preparation would stand every test. The results show what great confidence the people have in Cokes Dandruff Cure and Hair Tonic.

It soothes and cures an itching and diseased scalp. It leaves the hair soft, sweet and luxuriant.

It strengthens and invigorates the hair and scalp and stops falling hair.

It is guaranteed to cure Dandruff. It is used and recommended the world over.

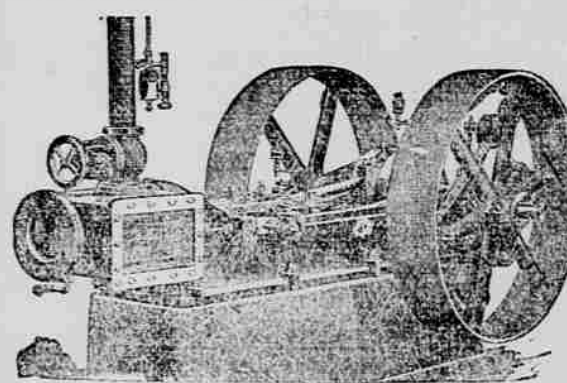

Admiral George Dewey writes: "I have used Cokes Dandruff Cure for the past year and found it an excellent preparation."

For sale by Elvey & Hulett, the live druggists.
